

Auction Compliance Disclosures

The following information is being posted voluntarily by Southern Companies in conjunction with the Energy Auction and in an effort to keep participants informed about the implementation and operation of the Energy Auction. Participants should continue to direct requests for more information, as well as questions, comments or complaints, to the Auction Administrator or the Independent Auction Monitor utilizing the links provided on the previous page.

- On September 9, 2022, Southern was notified by the Auction Monitor of a potential failed offer submission for September 8 HE 21. Southern has researched the issue and determined that a submission was made for the referenced hour; however, the offer did not post to the Auction platform due to system issues on the platform. Southern is working with the platform administrator on appropriate measures to avoid such an event in the future. No auctions were impacted as a result of the incident. 9/21/2022
- On June 7, 2022, Southern was notified by the Auction Monitor of a failed offer submission (despite the availability of capacity) for the Hour-Ahead Auction for June 7, HE 8. Upon investigation, Southern determined the issue resulted from an internal data processing issue. Southern has implemented advanced notifications to help mitigate future recurrence. No auctions were impacted as a result of the incident. 6/17/2022
